Date:	Thursday, October 20, 2016 10:17:13 AM

Thanks Patrick.

While waiting on HSU's response, please submit your formal proposal with your cover letter, and address it to:

Mark Stadsklev
Senior Lease Contracting Officer
Lease Executions Division/Public Building Service
National Capital Region
U.S. General Services Administration
7th & D Streets, SW, Room 3660
Washington, DC 20407

Please reference in your proposal the 4 GC's that you reached out to to get the bids, and then your recommendation on which General Contractor to use for the project. Your proposal amount should be the Government's portion of the cost only. You can mention the shell costs for just information.

Please include in your proposal the Lessor's fee as per the Lease.

Please include the permit fee as a line item in your proposal (please note that the permit fee is a direct pass through costs to the government, and the Lessor's markup is not allowed).

Please attached in your proposal the final leveling sheet, and the TICS table from RAND and HSU (just the front page of the TICS table), and the backup for the permit fee.

You can submit the proposal to Mark electronically (I can pick up the signed hard copy when we meet), and copy me.

Please let me know if there's any questions.

Thanks

Danny C. Mapili
Project Manager (Contractor)
Office of Design and Construction
U.S. General Services Administration (NCR-PBS)
301 7th Street SW, Room 7919
Washington, DC 20407

Hi Patrick,

Our glass number for FERC is included within the $102,358 door number, as there was not a separate glass line item on the provided form.

The split:

D/F/H: $53,283

Glass: $49,075

Please let us know if we can help with any additional questions.

Thank you,
